

About the Internship Program

Our **Internship Program** is designed for **university students** who want to gain hands-on experience, develop new skills, and contribute to real projects alongside multidisciplinary teams.

Internship opportunities are available across **Data & Impact, Technology, Accounting, and Human Resources**, with projects tailored to each participant's area of study, skills, and interests.

What will you do?

- Support projects involving **data analysis, technology, automation, and process improvement**.
- Contribute to initiatives focused on **impact, innovation, and talent development**.
- Participate in **artificial intelligence and customer experience research projects**.
- Collaborate with multidisciplinary teams on **high-impact projects**.

What you can expect

- Work on **real projects with meaningful impact**.
- Learn from and collaborate with experienced professionals.
- Apply your academic knowledge to **real-world challenges and earn academic credits**.
- Develop professional and technical skills.
- Gain exposure to a **dynamic, multidisciplinary work environment**.

Program Details

- **8–20 hours per week**.
- **On-site in Managua or Matagalpa, Nicaragua**.
- Open to **university students**, who have demonstrated top academic performance (min. B+) or/and with outstanding leadership endeavors/ entrepreneurial DNA.

Start your career with Cosecha and turn what you're learning into real-world impact.
